Finding a Four-Leaf Clover

According to Irish legend, a four-leaf clover is said to bring good luck. What are the odds of finding the fabled variety? The chances of spotting one are 1 in 10,000, say scientists.

Useful Umbrellas

With spring's rainy weather, it's fitting that March is National Umbrella Month. Originally invented in ancient China to provide shade from the sun, umbrellas served as women's fashion accessories in Europe before they were used as protection from rain.

Village Victory Cup 2020

On March 31st Tom Wyllie, Director of Wellness, will be visiting Court Street Village to go over Village Victory Cup rules and regulations. Please join us for social hour in the west building at 3:00pm if you would like more information on Village Victory Cup.

Make Up Your Mind in the Morning

When you're faced with an important decision, try tackling it before noon. Science says the morning hours are the best time of day to make a choice. Researchers came to this conclusion after analyzing the moves chess players made in a series of matches. The players made slower, more accurate moves in the morning, and as the day wore on, their decisions were faster, but those moves were more prone to errors.

A Figure of Speech

Phrase: Old school

Meaning: Traditional or nostalgic

Origin: The description "old school" is often used to express respect for people, things and styles from an earlier time. It frequently conveys an air of nostalgia when referring to something from days gone by, such as old-school music. The term likely evolved from the longer phrase "of the old school," which has been in use since the mid-1700s.

Girl Scout Cookies

Who doesn't love Girl Scout Cookies? It's that time of year again, and colorful boxes of the tasty treats will be showcased at booths in and around our community. Please support our local troops by buying a box—or two or three!

March Weather Folklore

According to an old saying, "March comes in like a lion and goes out like a lamb." Weather folklore often illustrated balance in nature, so if the month roared in with storms, then it should end on a calm, docile note. Since March marks the end of winter and the beginning of spring, this prediction can be true at times, but for parts of the country, elements of both seasons can be felt throughout the month.

Shamrock Shake

For some, the return of the Shamrock Shake is the first green of the spring season. McDonald's famous mint-flavored, green-dyed milkshake goes on its menu for a limited time around St. Patrick's Day. Since it was introduced in 1970, more than 60 million of the shakes have been sold.

What do you like to do outside of work?

Spending time with my husband and kiddos is what I like to do most outside of work. I look forward to coming home every night to make them dinner, help with the house, and simply just spending quality time together. I also enjoy doing crafts, reading, and interior design. My dream would be to buy and flip houses just so I could design and decorate them!

What have you learned most in your position here?

What I’ve learned most in my position at Court Street Village is the true meaning of “team work.” My leaders and co-workers are amazing! We are a small team, but we are a great team! I enjoy working with each and every one of them.

I’ve also learned to be more patient and compassionate for my elders. I feel like I respect them and understand them so much more now that I work with them every day, and I am able to see things in a whole new light. There is so much to learn on a daily basis and I try to take in as much as I can!

Employee of the Year!

Congratulations to Jaina McNalley, our Employee of the Year! Jaina has been with McFarlan Villages for just over three years and continually strives to provide excellent service to our residents.

We asked Jaina to share a little more about herself!

What do you love most about your position here?

What I love most about my position at McFarlan Court Street Village is that every day is different. It’s exciting to come into work not knowing exactly what the day will bring. The work environment is very high paced and high energy. I love the residents and I have built a bond with each and every one of them! I enjoy their company and I have learned so much just from talking with them. Without the residents, I wouldn’t have a job.

What motivates you?

What motivates me the most is being able to help deliver resources to the residents. It makes me happy to be able to assist the residents and I hope that when I am a senior, I have
